Selectmen's Minutes

Selectmen: Richard Carver, Nancy Colson, Linda Post

Present: Rodney Mason, Walter Wotton

The Selectmen told Rodney that our Ramp has to go out to bid before they could sell it to anyone. Richard said they would get it posted so it could go in the next paper.

The Selectmen were told that there were a few skiff's that they didn't know who they belonged to. Richard Carver said he would contact The Marine Patrol and find out what we can do with them.

They also discussed the Comprehensive Plan and Richard Carver is going to write up a letter to the Comprehensive Plan to take out Coopers Beach Road as a Town Landing. The letter will go to our lawyer first before sending it out.

Respectfully Submitted,

Richard Carver
